CAN'T GET USED TO THE MOVIE HOLD-UPS

(By Associated Press) BIRBEK, Asia, July 11.—Making of moving pictures is rather a novelty in this part of the country, and Bialoe residents have difficulty in getting used to seeing gaudily dressed westerners "bad men" rushing around with "artillery" strapped on their belts.

Some of the real old-time westerners are apt to jump at the wrong conclusion when a "movie western" goes on the warpath. For this reason, a moving picture company, planning to stage a hold-up scene at the depot at Osborn, eight miles south of here, had the train crew warn passengers no less than 10 times before reaching the station that a "movie train robbery" would be staged. In spite of this, several old timers on the train reached for their hips when the "bandits" appeared and had to be convinced by fellow passengers that the hold-up was not the real thing.

Lancia, of the supreme court, in a circular sent to prosecuting attorneys. He requests that prosecutors employ every legal means to bring about the suppression of an evil which, he declared, has reached a point in some places involving the operation of games of chance in buildings adjoining courts of justice.

The order will not affect the Casino at Marianao, a suburb of Havana, which operates under a special congressional act.

AMUSEMENTS

HOBBART BOSWORTH AT BUTLER THEATRE TODAY

Those who seek adventure, soul-grIPPING scenes and dramatic moments need look no further. Their ideal is to be found in "Below the Surface," a most unusual sort of film production that will be seen at the Butler today.

The drama is the most absorbing that has made its debut on the screen in some time. Although there is nothing sensational about the scene events, so enthralling and gripping is the plot that unfolds itself beneath the surface of the sea that the onlooker will not permit his attention to be diverted for one moment as the melodrama unfolds itself upon the screen.

The theme of the play centers about deep sea divers and their lives. It is a stirring portrayal of all that is best in life and in the minds of men. There are all sorts of tear-bringing moments, but probably the most heart-rending of all is when the young diver, going overboard to find the body of his young wife in the shipwreck, finds himself trapped when his lifeline becomes entangled. And then the father, defying death, leaps to the rescue, dives and cuts the lines that threaten his son with death and saves his life. In this drama Hobart Bosworth has produced a masterpiece.

Tomorrow, Alice Lake in "The Greater Claim," an unusual story of a chorus girl.

COMMISSION OF EXPERTS PICKED TO REDUCE LIVING

(By Associated Press) ROME, July 11.—The citizens of Milan are trying to bring down the price of foodstuffs by appointing a commission of experts to fix the prices at which the immense stocks of food accumulated by the wholesale dealers shall be sold.

Another commission consisting of members of the chamber of commerce watches the restaurants to see that the prices charged correspond to the reduced price of the materials used. The commission has authority to close any restaurants charging more than the prices permitted.

The first result of all this is that the cost of meat has gone down 20 cents a pound and other reductions are expected.
